**LINCOLN, ASA F. HALL.**  
**Oxford, SIMON NORRIS.**

**THE TRUE QUESTION**

Mystify it as you may, there is but a single paramount question presented by the contest now going on in this State, to the People of Maine: and that is, whether EDWARD KENT or John Fairfield be the man who may safely be relied on to carry into practice the policy of which Maine has declared its deliberate preference? All other questions are secondary, the subsidiary to this one. Admit that this State has taken a decided and deliberate stand against the National Administrations of the last six years, in relation to their financial projects, their sub-treasury experiments, their anti-state institutions policy, their enmity to the integrity and interests of the Union as displayed in the favor extended to the annexation of Texas for the avowed purpose of strengthening one interest at the expense of another, in the country, their opposition to the freedom of debate and the right of petition, admit, we say, that against all these things Maine has already entered her solemn protest, by the supercession of a Jackson-Van Buren dynasty within her borders and by the election of a State administration adverse to all their measures, then there can be no other question for her citizens now to consider than that above stated, to wit: Which of the candidates for the gubernatorial chair, Kent or Fairfield, is the more likely to carry out the declared policy of the State?

It has become a question of Men, each being but the impersonation of a distinct, clearly defined, and well understood policy, so far as this contest is concerned.

The very grounds upon which the election of Mr. Kent was effected, and his conduct while in office, may be referred to as settling the pretensions of that gentleman, upon this score. No other argument is necessary.

Nor is it necessary, in making up a decision on this issue, to do more than to refer to the able Congressional course of Mr. Fairfield, to his votes, (those silent yet unerring witnesses) upon the various financial measures of the past and present administrations, which have had for their object the placing of all the revenues of the country in the hands of the Executive, to be used, disposed of, disbursed, and managed, as he should see fit to order, upon the "gag resolutions" of Pinkney and Pettion, upon the various questions of order arising out of exceptions, taken by the friends of free debate, free speech, and the uncheckd Right of Petition, to the prejudiced decision of a partisan and sectionally influenced Speaker, and in fine, upon every question in which there was involved the least, or the greatest principle of value to the peculiar interests of his own immediate constituents.

And let the citizen of Maine, who has the welfare, the prosperity, the honor, the dignity, the high character of his State at heart, look upon this picture, and on this, with a sincere and patriotic desire to come to a deliberate, truthful and practical decision, casting aside all party "tricks," and alone subjecting his mind to the healthful and noble influences, which a good citizen should be able to do, conscientiously, and let him act, then, in pursuance of his duty; and, as a result, will be a result to which, they, the people, will be entitled.

**THE AROONOOK**

From Col. Ebenezer Webster of Aroon, a letter just returned from the Aroon, stating that the crops look uncommonly well in that vicinity, and that settlers are continually arriving. Mr. Edward of Old town had just arrived with his wife from Bangor, and would be glad to get his mill in operation this fall, on Fox-Aroon, No. 4th Range.

Mr. George W. Buckman of Ellsworth and with him, had commenced upon a mill in Township No. 13, 5th Range. A large number of young men had come in there since the first of this month, from Madam, in the county of Somerset, and were about settling upon Township No. 13, 5th Range. About twenty persons had recently commenced clearings upon Township No. 11, 5th Range, belonging to Massachusetts.

But the most important information from Col. Webster is that the new settlers there have made a rally, and have driven off the Provincial trespassers. About a fortnight since six or eight teams came up from the St. John's river and as usual began to trespass upon the timber on the Aroonook. The settlers, as Col. Webster represents associated themselves together, about one hundred in number, and immediately drove off these trespassers from the territory.

Some opposition was made by a few of the most notorious trespassers, but they were handled so roughly, that they were glad to escape through the woods and leave their teams to the mercy of the Yankees. For several years past, it is well known, that a great amount of trespassing has been committed on the Aroonook waters, and it has been estimated, by careful judges, that no less than \$25,000 worth of stumpage was taken off last winter by the Provincial plunderers. The State authorities had heard of the depredations of these trespassers and were about making arrangements to send an officer to arrest them.

This game is now up. The new settlers who have gone to the Aroonook, under the provisions of the land law, are now, sufficiently numerous to protect our territory from trespassers, and will thus, besides augmenting, from their own industry, the amount of taxable property, within the State, save annually, a large amount of timber, that otherwise, would have been taken off by trespassers, and so lost to the State. And yet this policy of settling the public lands, is denounced by the Argus, as a "humbug." More, we believe, has been done, this single year, by the present Whig administration, towards settling this part of the State, and protecting the timber from depredation, from persons from the other side of the line, than has been done, for ten years previous, the Argus humbuggy and bog stories to the contrary, notwithstanding.

**ANOTHER BASE LIBEL NAILED**

We alluded a few days since, to the infamous falsehood published in a late Bangor Democrat, and quoted by the Eastern Argus, under the head of "More attempts at Bribery." As we then stated, it is proved by the following affidavits to be a base, wilful and malicious libel. It is unnecessary to make many comments on the conduct of a party that is so destitute of all sense of honesty or shame, as to resort to such despicable means to sustain their rotten cause. It is only necessary to lay the facts before an honest, candid, and discerning public, to have the perpetrators of such libels looked upon with the contempt they merit. They are welcome to all the strength they can gain to their cause by the vile slanders they are daily fabricating.

[For the Whig & Courier.]

Mr. Burton. The enclosed copies of affidavits you will perceive, effectually silence another "Delta Bodge" story, which the prostituted Bangor Post, alias Democrat, has resorted to, to sustain its sinking cause, and stamps as an infamous lie, the charge it made against Mr. Gilman and Mr. Perham. It is well understood here who are the getters up of the accused lie. It was a foul conspiracy to injure the reputation of a man whose character is beyond reproach, and where he is known cannot suffer either from the charges of Badger, or the Bangor Post, two hot associates for decency and truth. It is due to Badger, however, to state, that he says he never informed the editor of that paper that he saw Mr. Gilman give the money to Mr. Perham, but that Mr. Sterns informed him of the fact, whose affidavit you will now have, which speaks for itself. As to the other assertions of the Democrat, they are probably as true as the one in relation to Mr. Gilman. Justice.

Sebec, Aug. 20, 1833

1. Charles W. Stearns, of Bowerbank, of lawful age, depose and say, that, since the appearance of an article in the Bangor Democrat, of last week, stating that one Moses Badger of Bowerbank, had informed them that he saw Benj. P. Gilman, Sheriff of Piscataquis Co., give one Darius Perham fifty cents to vote the Whig Ticket, he, the said Badger, has come to me and remarked, "that he had got into a scrape by what he had told the editor of that paper" and asked me "if I would stand to what I told him in relation to the same." I asked him what I had said about it, he replied: "that I once told him that I saw Mr. Gilman give him the fifty cents as he had stated, and that I should swear to it. I instantly told him it was false, and that I never informed him or any other person that I did. And I now say, in justice to Mr. Gilman, and all concerned, that I never saw or heard anything of the like, before I heard the assertion of Badger, as made in the Democrat, and that it is solely for the purpose of contradicting the vile and malicious slander, and falsehood, that I have come from Bowerbank to Sebec this day.

(Signed) W. C. STERNS

Sebec, Aug. 20, 1833

PISCATAQUIS ss. August 20, 1833. Personally appeared the above named W. C. Stearns, and made oath to the truth of the above statement by him signed, before me.

DANIEL SANBORN, Jus. Peace

I, Darius Perham, of Bowerbank, of lawful age, depose and say, that the assertion contained in the Bangor Democrat of last week, which accuses Benjamin P. Gilman, Esq. Sheriff of Piscataquis County, of having given one fifty cents to vote the Whig Ticket, is a foul and malicious falsehood, for neither Mr. Gilman, or any one else, gave, or offered any fifty cents, or attempted in any way to bribe me to vote the Whig Ticket. I should deem a statement of this kind unwarranted in reply to charges of Mr. Badger, did they not go down here as charges.

for truth and veracity is not so well known, as it is in this city. DARIUS PERHAM, Bangor, Aug. 20, 1833.

MARK PILMAN, Justice of the Peace

We publish with pleasure the doings of the Fire Department. We approve of the spirit manifested in their resolutions. This Department is composed of individuals who volunteer their services, and we do not believe there is a liberal minded citizen who will say that at the late fire they did not use their best endeavors to arrest the progress of the flames. They are not to be blamed for being destitute of suitable apparatus, or a sufficient supply of water, and it would have been much more creditable to those individuals who were looking on complacently at the want of good management, had they been employed in the meantime in existing to remove goods endangered by the fire. We think the views of our correspondent "have been misapprehended by some." It was not his intention to find fault with the conduct of the Chief Engineer.

BANGOR, August 20, 1833

Agreeably to a notice, the members of the Bangor Fire Department met this evening. The meeting was called to order by Mr. William Arnold. Mr. I. S. WHITMAN was called to the Chair, and CHAS. N. BATES appointed Secretary. The object of the meeting was stated by Mr. Hayward, and on motion of Mr. Barker.

Voted That two members of each company in the Department be appointed a Committee to investigate the causes of the dissatisfaction of the citizens in relation to the late fire on Main and Wall streets, and to report at an adjourned meeting whether there is cause for such dissatisfaction, and if so, where and on whom should it rest.

Voted That the first officer of each company appoint two members from their respective companies to compose said committee.

Voted That two from the Board of Engineers be added to the Committee as above.

The following were reported as a Committee from

FIRE CO. No 1 D. M. Howard, and Alfred Harlow.

FIRE CO. No 2 George F. Palmer, James Littlefield.

ENGINE No 3 David Bugbee, Lewis Barker.

ENGINE No 4 George W. Gorham, H. M. Hyde.

ENGINEERS Thos. Jenness, Thos. N. Egery.

Voted That the Foreman of each Company be added to the Committee.

The meeting then adjourned to meet to-morrow evening.

August 21

The Fire Department met according to adjournment, when the Committee, who were appointed last evening, reported the following Preamble and Resolves, which were unanimously adopted.

Whereas, some citizens of this city have expressed dissatisfaction with the Chief Engineer, and the Fire Department generally, in relation to the management of the late fire on Main and Wall streets, and whereas we consider such dissatisfaction unreasonable and ungenerous under the known circumstances of the case, therefore,

Resolved, That the first arrangement of the Chief Engineer, to bring the water from the river, was a good one, and would have been effectual had not the tide been at ebb, that the second arrangement to bring the water from the Hammond Street Reservoir could not be fully carried into effect in consequence of not having sufficient hose to protect the Wall street block (which for a time was most exposed) and the Arcade at the same time.

Resolved, That it was no fault of this department that the late fire occurred in a part of the city distant from sufficient water to extinguish it, nor was it the fault of its officers or members that they are not furnished with suitable and sufficient apparatus.

Resolved, That we view the attempt of some citizens, who care little and know less about management in such cases, to fasten the cause of the late disaster on the Department, as deserving of contempt, worthy of notice only to contrast such meanness with the generosity which characterizes so generally the citizens of Bangor.

Resolved, That whenever our fellow citizens shall deem it expedient to dispense with our ardent and gratuitous services, or whenever they can find others who will serve them more faithfully, or to better purpose, we will cheerfully surrender our Engines and apparatus.

The following resolves was offered by a member and accepted.

Resolved, That those citizens of Bangor who have been so liberal in their abuse of the Fire Department can have an opportunity to show their ability to extinguish fire by coming forward and filling the vacancies now existing in that department.

Voted, That the proceedings of this meeting, with the report of Committee, signed by the Chairman and Secretary, be published in the papers in this city. Adjourned.

ISAAC S. WHITMAN, Chairman

CHAS. N. BATES, Secretary

WHERE WAS THE MONEY GONE? This is a question in which the people are all interested. The treasury is bankrupt and empty. 20,000,000 of "irredeemable" treasury shin plasters have been issued, and the Government is over head and ears in debt, and what has become of the millions upon millions of surplus which the administration boasted of when it came into power? We like to keep the people informed of the doings of the present "economical and prudent" administration, therefore we will tell them where some of their money has gone. Twenty millions or more to the Florida swamps, wasted in rewarding partisans and killing Indians. Millions more in the pockets of sub-treasurers, unaccounted for, and yet more, transported by runaway sub-treasurers. The New York Jeffersonian gives some facts on this head, gathered from an official letter of the Secretary of the Treasury to the House of Representatives. Under the single head of "collectors of public revenue, one hundred and fourteen default-

ers are reported, to the tune of \$1,450,000, and under the head of "collectors of public revenue," thirty are reported to the tune of over a million dollars. In only two States, then, of sub-treasurers, defaulters are reported to an amount of nearly two and a half millions!

After looking over the following items, the reader can judge whether the plan of the local forces of passing the sub-treasury bill would not be very safe and expedient, in order that all the revenue of the country might be placed in the hands of collectors and receivers.

"Chas. J. Ingersoll, of Philadelphia, reported a defaulter for \$76,441."

"Wiley P. Harris, Columbus, Miss., in default \$709,178 08, went out of office Nov. 1836 bail only \$30,000."

"This man used only \$208,942 44 of public money for his own purposes, of which all but the above sum of \$709,178 08 has been got out of him in the shape of town lots, land notes, &c. It is thought the rest may be got in time."

"Jas. W. Stephenson, Galena, Illinois, in default \$74,859 70, five sureties for only \$30,000 in all. Went out of office, May 5th 1837."

"Wm. L. D. Fwing, receiver at Vandavia Ill., default \$16,754 29, three sureties in the sum of \$20,000."

"Littlebury Hawkins, receiver at Helena, Arkansas, went out Nov. 9, 1835, in default \$115,462 94, bail only 90,000."

A VERY SHALLOW TRICK. The State has paid the towns the bounty on wheat in script paper redeemable in a year. The towns cannot pay individuals with this paper, but must get it shared by banks and brokers, or else those entitled to bounty cannot get it. [Bangor Democrat, of the 10th inst.]

I was absolutely astonished, Messrs. Editors, that that pattern of all that is high minded and noble in politics should attempt to impose upon the people in this way. I was also astonished that it should evince so little shrewdness in thus endeavoring to make the people believe that they will not be paid that to which they are not entitled. Have not the people been paid their last year's bounty? But, perhaps, the immaculate Democrat designs that the people shall understand that this year's bounty has already been paid to the towns in script! What foresight must Gov. Kent and the government possess to be able to know, and to provide for, six months beforehand, the precise bounty, to which the people will be entitled on their crops! Really, Mr. Democrat, you must have a reflecting set of leaders, if they can be gulled by such a shallow trick! Your party, too, must be a wise one if they will give currency to such a story.

But even if this were so, one would think the Democrat would have the modesty to keep "as dark" as possible about "one currency for the government, and another for the people," until it shall see all clear at the fountain head, until Martin Van Buren shall find some means for paying claims against the government of the U. S. in something else than "script." The red proboscis of the toper will show, and he cannot divert the attention from it by talking about the red proboscis of his neighbor. Let every man take care of his own nose. I say, then, when the blotches are removed, he may be able to see if there are any on the noses of others.

PESTLE

Sun Light and Moon Light. Mrs. Sumerville in her Connection of the Physical Sciences says that the direct light of the sun has been estimated to be equal to that of 5363 wax candles of moderate size supposed to be placed at the distance of one foot from the object that the moon is probably only equal to the light of one candle at the distance of twelve feet, consequently the light of the sun is more than three hundred thousand times greater than that of the moon, for which reason the light of the moon either imparts no heat, or it is too feeble to penetrate the glass of the thermometer, even when brought to a focus by a mirror.

The Bank of Bangor has resumed specie payment. We understand the Eastern Bank has also resumed.

"Betty, your mistress is ill, get her a hot brick." "Yes, ma'am. Must I bile it?"

**By This Morning's mail.**

MISSOURI. Of the election in this State the New York Express of Monday says:

A WORD TO THE WHIGS. Keep cool about Missouri. Things look well, but we cannot hear from the State for ten days. It is a large State with an immense interior, and there is time enough to bring out "the Big Gun" when we have really seen that the State has plumped over the Big Humbuggery. We make these remarks, because we see the Whig Journals "crowing" lustily, even as we are in the woods.

The Express publishes returns from 10 counties, which return 25 Whigs to the Legislature and 5 loco locos. The eight counties from which full returns are received, gave at the Presidential election a Van Buren majority of 786.

What imparts the liveliest interest to the Political character of the Legislature, which is to choose a Senator to Congress on joint ballot, is that Thomas H. Benton is a candidate for re-election. In the House there are 97 members, in the Senate 43 members, sixty six members will elect a Senator. An estimate made before the election put down 55 members of the House, and 15 members of the Senate as Whigs. So far, the Whigs have over that, their estimate.

NORTH CAROLINA. The National Intelligencer of Saturday says "Returns received last evening leave no doubt of the completeness of the Whig victory in North Carolina. Dudley's majority for Governor will exceed fifteen thousand votes." Already the Whig majority in the State Legislature is ascertained to be 14 in number, and it will probably be increased.

At the last election, Dudley's majority was 4043.

ILLINOIS. The Express gives full returns from 4 counties in Illinois, which show a Whig gain of 508. Some few returns from other counties are given which look well for the Whigs.

At Alton, the Whig ticket is ahead. B. K.

ing of the election in that place, the Telegraph says: "The Whigs have a large majority, with one solitary exception, by a large majority, the success of the Whigs on Monday must be considered as a glorious victory."

Van Buren's majority in the State was 3114.

We learn from the Tennessee Review, that "LITTLEBURY HAWKINS, one of Mr. Van Buren's 'constitutional' Sub-Treasurers, receiver of public money at Helena, Ark. has absconded, proving a defaulter to the amount of \$115,462 94. The amount for which he had given bond to the Government was only \$30,000, leaving a balance of \$85,462 94 to pay for his loss. Van Buren and Democracy."

The Hon. William Patterson, member of Congress from Genesee county, died at his residence in Warsaw on the 14th inst. of bilious fever.

**Read This.**

Abstract from the report of proceedings in Congress on Thursday, December 21, 1837.

House of Representatives. "Mr. Patton, of Virginia, asked the consent of the House to offer a resolution."

"Mr. Adams objected."

"Mr. Patton moved a suspension of the rules to enable him to offer the resolution, and they were suspended accordingly."

"Mr. Patton then offered the following resolution:

"Resolved, That all petitions, memorials and papers touching the abolition of slavery, or the buying, selling or transferring of slaves in any State District or Territory of the United States be laid upon the table without being debated, printed, read, or referred, and that no further action shall ever shall be had thereon."

The question being ordered on the adoption of the resolution it was decided by yeas and nays in the affirmative. The vote of Maine stood as follows: in favor of the resolution, Anderson, Corrier, Cilley, FAIRFIELD, opposed to it, DAVEN, Evans, Noyes, Smith.

When the name of the venerable John Quincy Adams was called, he arose, and amidst cries of order, said:

"I hold the resolution to be a violation of the Constitution of the United States of the right of my Constituents, and the People of the United States to petition, and of my right to the freedom of speech as a member of this House."

The Whigs in the class composed of the towns of Newport, Etna, Carmel and Hermon are hereby requested to meet at the tavern of Elm Friend, in Etna, on FRIDAY, the 31st day of August, instant, at three of the clock in the afternoon, to select a candidate for representative to represent them in the next Legislature.

D. T. CRABTREE, per order.

August 21

**NOTICE.**

The Whigs of Hampden are notified to meet at the Academy Hall, on Saturday, September 1, at 4 o'clock, P. M. for the purpose of selecting a candidate to represent them in the next Legislature.

JACOB CURTIS, Secretary.

Hampden, Aug. 11, 1838

**A CARD.**

SARAH HOFFY would express her grateful sense of the kindness and sympathy shown her by her friends and the gentlemen of the City of Bangor, for their kind attention in removing and retaining her goods uninjured from the fire on the 19th.

**DEATH.**

Orono, August 22, 1838.

**MORTGAGE NOTICE.**

THE undersigned holds a mortgage executed by Charles H. Smith and Andrew T. Hale to William B. Goodrich, of North Yarmouth in the State of Maine, of sixteen hundred acres of land in township letter B, in the eleventh range of Townships from the easterly line of the State of Maine, in the county of Penobscot, in common and undivided with the remainder of said township, to secure the payment of two notes of hand signed by said Goodrich, dated June 5th, 1835 of two thousand dollars each, payable in two and three years from the date, with interest annually to Smith & Hale. Said notes remaining unpaid he claims to have possession of said mortgaged premises to foreclose the same for breach of the condition of said mortgage. Said mortgage deed is recorded in the Registry of Deeds for the county of Penobscot, book 7, page 227. ANDREW T. DOLE w3w

**NOTICE.**

THE Directors of the Bank of Bangor have voted to resume specie payments.
